

**INFORMATION REQUEST FORM
AT-LARGE DIRECTOR NOMINEES
AMERICAN BOARD OF THORACIC SURGERY**

Thank you for your interest in the At-Large Director position with the American Board of Thoracic Surgery. Please provide responses to the following questions on a separate sheet; all information submitted will be handled confidentially. If you have any questions, address them to Dr. David Fullerton.

1. Describe your current thoracic surgical practice situation, i.e. - type of practice, geographic location, solo/partnership/group, etc.
2. Provide a chronologic listing of your experience in thoracic surgical education.
3. List all experience you have had in activities of the American Board of Thoracic Surgery, e.g. question writing, exam consultant, or participation in oral examinations.
4. Describe your experience with any other question writing or testing organizations, such as the SESAP Committee of the ACS, the National Board of Medical Examiners, or the Educational Testing Service.
5. Describe any active involvement you have had (other than attending yearly meetings) with regional or national professional thoracic or surgical organizations as an officer, committee member, or other role.
6. Describe any involvement with the ACGME's Residency Review Committee.
7. The Board is always seeking to improve the diversity of its members. In what specific ways do you feel you would contribute to the diversity of the Board?
8. Provide any other comments (not included above) that would demonstrate how your background and expertise can contribute to the activities and mission of the American Board of Thoracic Surgery.
9. The work of a Director requires 10 days per year away from home to attend Board meetings (2 per year, total 7 days) and oral examination (1 per year for 3 days). Dates for all of these events are established several months in advance, but attendance is mandatory. Would you have sufficient flexibility in your schedule to meet this commitment?

Please send all communications and a copy of your CV to:

Dr. David A. Fullerton
Executive Director
American Board of Thoracic Surgery
633 North St. Clair Street, Suite 2320
Chicago, IL 60611
